Happy Christmas To You All

Bobbing Village School

The new fencing to the front of the school has now been finished and we will shortly be moving the shed on the front playground to allow for more space. In January once school has started we will give you information about where children will enter and leave school at the start and end of the day.

Parking continues to cause problems. Please resist parking directly opposite the school causing the road to become narrower than it already is. This endangers all of us! Please park further down the road, even if it means walking and being a bit late. We would rather that than the chaos and danger your double parking brings

Iwade School

We will soon be moving Gruffalo, Seahorse and Dolphin into the new building., once the builders have put the finishing touches to it.

Child's Play will be relocating into the current Ocean year 5 and 6 classrooms once alterations have been made with a dedicated entrance for parents.

Child's Play parents a big thank you for bearing with us during the difficulties of no parking and poor lighting.

We will officially open the new building in the new year and you will all get the opportunity to tour and see the new classrooms for yourselves.

Term 3 Clubs

What a great photo taken at Cookery Club !

Clubs have now been advertised and we are hoping that everyone who wants a place this time can grab one. The most popular clubs have been offered for shorter periods to allow for this and the sign up times were later to enable working or busy parents time to see the lists.

Termly Reports

Our second termly report will soon be on its way to you. We gathered your views last term about the first reports and although there were parents who didn't fully understand the reports or the colour coding yet we haven't made any changes to the look of the report. We have tried to make them more personal this time as requested. At the end of the summer term you will receive a longer report including all the other subjects and a personal comment.

We will be holding parent and teacher meetings when the 3rd report is due when it can be discussed with the class teacher. It is expected that this will take place between the 14-16 March 2016 and we will let you know the exact dates when we start back in January. There will also be other open evenings as these proved very successful , once again dates will be shared at the start of January.
