

## Bobbing Pupil Behaviour Questionnaire

We asked our KS2 pupils questions about our Behaviour Policy that we call the Golden Star system. The detailed responses are below but in summary you told us :

1. Staff do not deal with poor behaviour in lessons or on the playground in the same way. There is inconsistency.
2. Children in your school lose stars mainly for ;  
talking when they should be listening,  
disrupting the learning of others, and  
not working hard enough.

More than 70% of you have never lost a star!

3. You think that the following behaviours are inappropriate –  
rudeness  
not paying attention in class  
not listening  
not showing respect  
hurting others  
taking when you should be working or listening  
swearing  
fighting  
refusing to work
4. Most of you feel that good behaviour should be rewarded by awards in assembly, golden time or team points
5. You would like these rules for the classroom;  
Listen well, don't call out  
Be respectful, don't be rude  
Be kind and gentle towards each other, don't hurt anyone  
Allow others to learn  
Work hard and quietly
6. You would like these rules for the playground;  
Play fairly  
Be kind, no rough or aggressive play  
Be gentle, don't hurt others especially the younger ones  
Keep to the designated areas to play  
Keep to your own equipment, don't take other classes or people's
7. You all feel the school should use other teachers and the headteacher to deal with children who show poor behaviour. You also want these children to have more detentions, exclusions or simply to stay inside. You also want only one warning given, not two or three.

Thank you so much to everyone who took part in this survey. We will soon be telling you about the changes we wish to make using your views to help us. You will see many changes. The new system for Behaviour will be trialled during term 6 when once again we will ask for your views so that any changes can be made before a final version is ready and in place for September 2015.
