Timu Academy Trust

Times Tables System

The system aims for children to be able to say their tables in order without hesitation (Bronze level), to say their tables out of order without hesitation (Silver level) and to know the associated divisional facts (Gold level).

Tables Tests

Children have a Times Tables test weekly (Yrs 2 – 6) and will progress to the next set of Times Tables ,when they demonstrate that they are secure and can apply their knowledge. We aim for the children to attain the ability to recall and apply knowledge rapidly and accurately.

Tables Expectations

The table below demonstrates which tables are expected to be learnt by which Year Group. Primary School pupils are now expected to have learnt all their tables (1 – 12) by the end of Year 4. However, Year 5 is probably more realistic initially as a transition into the expectations of the new Primary Curriculum.

	Y2			Y3			Y4			Y5		Y6
